ASUS Google Meet hardware kit **/ISUS**®

Designed to provide comprehensive solutions for video conferencing in different workspace

CPU	DDR4	PCIe 3.0x4	Automatic	Google	Wi-Fi 6	Kensington
10th Gen Intel Processors	DDR4 Memory	PCIe 3.0x4 M.2 SSD	Automatic Update	Google Admin Console	Wi-Fi 6 802.11ax	Kensington Lock

Smart one-touch video-conferencing solution
- Powered by 10th Generation Intel® Core™ i7-10510U
- All I/O ports are on one side of the device, simplifying setup and cable management
- The ASUS – Google Meet Compute system comes with a magnetic stand and wall mount for easy installation

Easy on your budge
- Its curated set of components work together end-to-end to make engaging HD meetings affordable and headache-free
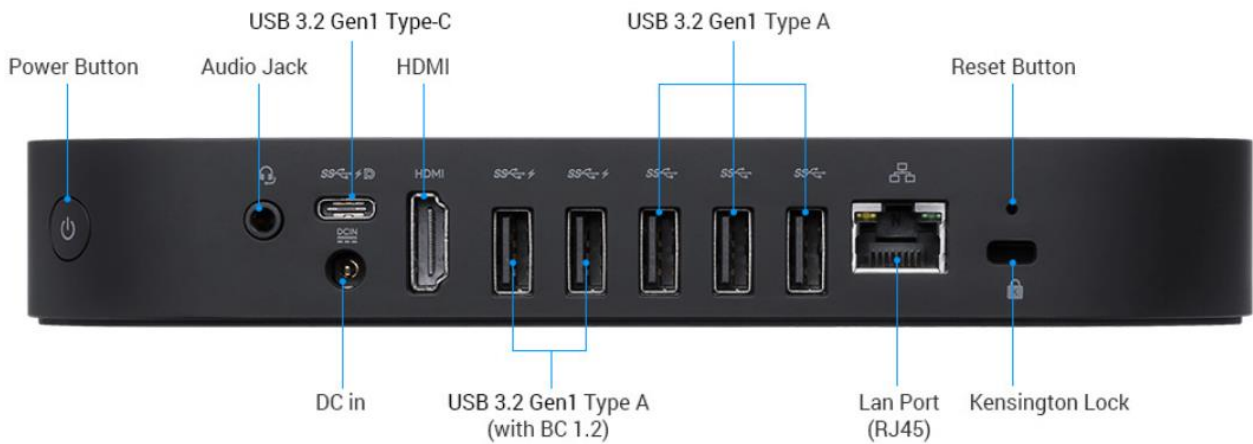

Easy to use and support
- Each meeting has a unique, easily shareable URL, no dedicated accounts or plugins required
- Unique dial-in number and PIN associated with each meeting
- Tap-to-join dialing in Google Calendar and Google Meet make it easy to join

Easy to install, deploy and manage
- Real-time authorization and central management of meeting participants ensures conferences are secured
- The hardware kit automatically updates the firmware of all the components to guarantee the best video experience
