MOST AWARD WINNING PC GAMING BRAND

Hardwarezone + Hardwarezone.com Tech Award Feb 2017

Intel Inside®. Powerful Productivity Outside.

Intel, the Intel logo, Intel Core and Core Inside are trademarks of Intel Corporation in the U.S. and other countries.

XEON CPU BUILT FOR PROFESSIONALS

Intel Xeon processor E3-1200 v5 / v6 product family-based workstations, you'll find the capabilities that get designers, engineers, and animators started. Accelerate exploration of complex data with the graphics performance of Intel HD Graphics P530. Imaging experts are supported by advanced features, access to OpenGL acceleration, and fast processing performance.

Integrated Graphics (OpenGL)

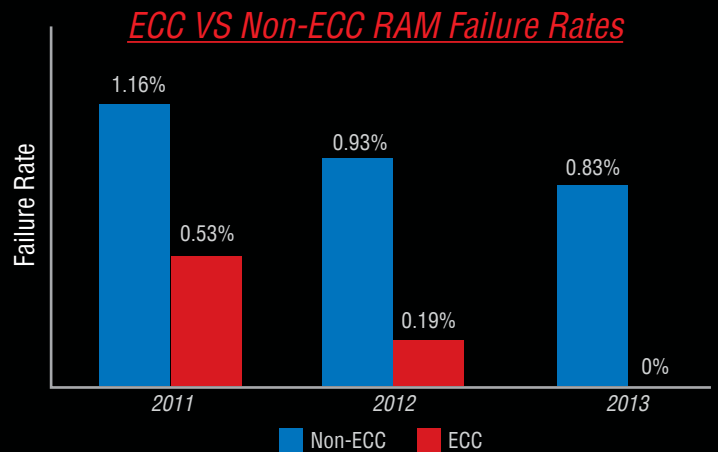

Integrated GPU performance for parallel computing

XEON E3-1225 v5	9.1
Core i7 6700	7.4
Core i7 6700K	8.0

STABLE AND RELIABLE

ECC RAM is theoretically more stable, reliable & much lower failure rate than non-ECC RAM.

<https://www.pugetsystems.com/labs/articles/Advantages-of-ECC-Memory-520/>

ENERGY-SAVING AND POWER EFFICIENT

With 80 PLUS 500W Bronze or 700W Gold power supplies, the ESC500 G4 saves more on TCO for users with lower power loss and higher power efficiency.

RAMP UP YOUR PC BEYOND VR

VR Ready communicates a basic specification needed to deliver an enjoyable VR experience. While it is easy for consumers to discover the minimum specifications necessary for building or buying a PC that could be capable of running the latest VR headsets and programs, confirming component compatibility and interoperability is a difficult job. ASUS goes Beyond VR ready with lab tested components or systems and the assurance that when everything is connected, powered on and the game or application.

Server & Workstation Care

3-Year Next-Business-Day(NBD) Warranty

The ASUS 3-year limited warranty protects all ASUS server products that means servers and workstations are all covered. During the 3-year warranty period ASUS will repair or replace defective components, allowing your business or organization to continue with minimal disruption.
